Enclosure No. One Statement no I of 1902 and Secretary's no 8446 Med (118-04) returned

Sir,

With reference to your No 1616 dt 11th April 05 forwarding No 8446/Med(118-04)-05 dt 16th March 05, from the Chief Secretary to Government requesting to explain some discrepancies in the Statement no I appended to the printed report on Special Hospitals for the year 1903, I have the honor to state that it will be seen in the printed return for 1902, that Columns 3 have been left blank, and the value of manufactured goods

goods "Made over to the Lunatic Asylum is entered in Column 4. But in making out the returns for 1903, it was thought that something ought to be entered under Column 3 "Cash received during the year for articles sold" and as the only cash received was for articles sold to Lepers Asylum and garden produce sold to the Contractor, the Amount of these two items of income was entered in Column 3 - that Amount was Rs 177-5-9. (in the return Rs 177-7-7 is entered which is now found in Correct by Rs 0-1-10).

(2) In regard to Column 4 "Value of manufactured goods made over to the Lunatic Asylum," it has to be noted that no manufactured goods are "made over" to the Lunatic Asylum. The manufactured goods are sold to the Contractor, and purchased from him at the same rate. So that, properly speaking, nothing should be entered under Column 4. However in making out the returns the stuff sold to the Contractor and re-purchased was taken as "Made over"

to

to the Lunatic Asylum, and the value of such stuff has accordingly entered - the amount as then calculated was Rs 563-9-4, but as since calculated, it should be Rs 754-6-5.

(3) As to the queries in the Secretary's letter regarding the revised returns furnished for 1903, it may be remarked here that what actually takes place has been the guide in making out this return, that is, no articles are regarded as having been "Made Over", and "Manufactured goods" is taken to mean goods manufactured at any time & not merely goods manufactured during the year under consideration.

(4) In Column 3 of the revised statement, the figure Rs 934-12-2 represents what the heading actually requires

requires – "Cash received during the year for articles sold" and has arrived at as follows: –

Manufactured goods sold to Contractor during the year and repurchased for the Lunatic Asylum. . . . . Rs 457-6-5

— do — Leper Asylum . . Rs 36-7-

to the latter two items add

Cash for Garden produce during the year Rs 142-14-7

the total of these 3 items is Rs 934-12-2 which is the actual cash received during 1903 and is accordingly entered under Column 3.

(5) As to the Column 4, as pointed out above, nothing is "Made over" to the Asylum and so the Column is left blank.

(6) In regard to statement VIII the figure Rs 563-9-4 should be removed from both sides of the account as, in the "Receipt" side, it is already included

included under the head "Received from Treasury" and in the "Expenditure" side it is included under the head "Clothing The figure itself is wrong and should be Rs 757-6-5 vide para 2.

(7) As to the Column 9 it is now found that Rs 631-4-4 is the correct figure: the figure in the return was calculated from the Asylum books in which an excess of Expenditure for Raw Materials of Rs 38-4-9 is now detected in one place and an excess in Receipts of Rs 0-3-8 in another, due to wrong entries and miscalculations. This does not quite account for the amount noted in the Secretary's letter viz Rs 38-6-9, but the balance of error cannot now be traced. However I have little doubt but that if a Competent Auditor went through the

the books for years back, the error could be corrected.

(8) As to Column 11, the only thing can be said now is that, after careful calculation, the figure shown for 1902 is wrong, and that now given in the revised statement is correct.

(9) Corrected statement for 1902 is now forwarded and the statement for 1903 forwarded with this Office No 226 D/24-1-05 is correct.

I have the honor to be,

Sir,

Your most Obed[t] Servant.
